

Layout Ideas For Event Marquee

Marquee Size: 6m x 12m

The capacity of the Gala Tent marquee is completely up to you. We think that if you were to use a 5ft round table, you can comfortably seat 8 people for a three course meal with lots of elbowroom. For a 6ft round table, we would recommend 10 guests per table, and 8 guests can be comfortably allocated on a 6ft trestle table.

If your event is more of a casual affair, you can fit a lot more guests if standing or if tables are not necessary.

The dance floor can also be used as space for the sit down meal, with these tables and chairs cleared away for later on when the event progresses.

Gala Tent Ltd are able to provide all of the accessories needed for your event, including heating, lighting, flooring, satin lining, tables, chairs and the dance floor.

Just check out our website <http://www.galitent.co.uk> or call us on freephone 0800 988 4252 for free advice.
